NOTICE OF INTENT (NOI) FORM FOR ORDER NO. R8-2018-0001

Dear Mr. Bouma:

This is to inform you that CAFO operators currently authorized under Order No. R8-2013-0001 are required to submit a new completed Notice of Intent (NOI) form no later than **May 1, 2019** to receive authorization under the new Order No. R8-2018-0001. The Regional Board adopted Order No. R8-2018-0001 on December 7, 2018. This Order is the General Waste Discharge Requirements for Concentrated Animal Feeding Operations (Dairies and Related Facilities) within the Santa Ana Region. The Order is a National Pollutant Discharge Elimination System (NPDES) permit under the federal Clean Water Act. The new Order will go into effect on March 17, 2019. In the meantime, Order No. R8-2013-0001 remains in effect.

An NOI form is enclosed with this letter. Regional Board staff is accepting completed NOI forms at this time so that you can avoid any lapse in your permit coverage. After receiving a completed NOI form, the Executive Officer will issue a discharge authorization letter that will be effective on or after May 1, 2019.

You do not need to submit Engineered Waste Management Plans or Nutrient Management Plans with your completed NOI form if you intend to continue to implement plans that have already been approved by the Regional Board's Executive Officer. The NOI form includes fields for you to indicate your intent to implement previously-approved plans or to submit new plans.

If you have already paid the annual fee for 2018-19 under Order No. R8-2013-0001, you do not need to submit a new fee payment with your completed NOI form to enroll under Order No. R8-2018-0001. Fees paid under Order No. R8-2013-0001 will be credited under Order No. R8-2018-0001 for the overlapping time period.
